A screenshot of the 'Words' game interface. At the top, there is a navigation bar with a back arrow, a 'Words' icon (a box of colorful letters), the level name 'Secret 06', and a coin counter showing '10,500 +'. The main play area has a green grass background with a grid of letter tiles. The tiles are arranged as follows:  
Row 1: N O W  
Row 2: W O N  
Row 3: (empty) (empty) (empty) (empty)  
Row 4: W O R D  
Below the grid is a wooden tray containing the word 'WORD'. To the left of the tray is a lightbulb icon and a coin counter showing '25'. To the right is a purple icon with crossed arrows. Below the main play area is a wooden board with a word search grid. The letters 'D', 'R', 'O', 'W', and 'N' are placed on the board, with lines connecting 'D' to 'R', 'R' to 'O', and 'O' to 'W'. The words 'WORD' and 'CONNECT' are faintly visible in the background of the board. At the bottom of the screen, the text 'Easy to Play' is written in a large, green, stylized font.
